PASCO WON'T HARM HIS SPOUSE AGAIN

James Pascoe, for threatening to exterminate his wife some time before last night, was before Justice Parker yesterday on a charge of threatening to commit a felony. After a hearing, he was held on a peace bond in the sum of \$400. He could not give the bond, but on the representation of a couple of his friends that they would take him out of the community and get him a job of work in a mine, and see that he did not return to molest his wife, and on his own solemn promise that he would not see her again or write to her, Justice Parker suspended the sentence. He had been charged that the slightest infraction of his pledge would bring the execution of the sentence upon him. The court believed that that would be a better disposition of the case than to keep him in jail at the expense of the taxpayers for the next six months.

Much matter that did not really have a direct bearing on the case, was brought out by Assistant County Attorney Cunningham. It disclosed a mighty bad record for Pascoe. He had served a term of forty days in the county jail on a charge of abuse of his wife. He had beaten and kicked her almost from the time of their entry into the marriage relation, except during periods when she had separated herself from him. Then he pursued her with letters, some repentant and begging her to return to him and some of the most scandalous character. On leaving the court room he had the nerve to tell the justice that he would not bother his wife any more, but that in due time he would secure a divorce from her.

PHOENICIANS FIND BLACK REEF MINE TO THEIR LIKING

T. M. Burroughs, who is promoting the Black Reef Copper Company, announced last evening that he had succeeded in interesting enough new capital in the property, to insure its completed development.

Mr. Burroughs is keenly elated over the property. He stated last evening that during the early part of the week he had taken a party of Phoenix business men to the property consisting of G. G. Fuller, assistant cashier of the Phoenix National Bank, Ed R. Boudolph, Ford agent for Phoenix, Tonye Bright, of Bright's Realty Company, J. S. Horrell, of the Horrell-Bellows Plumbing Company, and Phil McChase, mining expert, and that all were highly pleased with the looks of things.

The trip was made up and back in one day, a distance of 25 miles. The mine is about 10 miles from Phoenix, Wenden, in a productive mining district.

H. E. Wilhelm, president of the company, met them at their arrival and conducted them over everything the company owns. All were enthusiastic over the ore, being taken out.

Both Mr. Fuller and Mr. Boudolph were so pleased with the property, that they have backed their judgment with cash, and will in a short time become directors of the company. Mr. Fuller will at the next directors' meeting become treasurer.

FREE GREASE OFFER GETS MANY RETURNS

The free grease offer which Austin, Bryant & Carter have been making in connection with the sale of their A. B. C. motor oils, has proven an exceedingly popular one, and the volume of orders which have resulted from the campaign has kept the large force of extra help busy filling the orders that prompt deliveries can be made.

The sale of A. B. C. oils and grease has been extended throughout all of southern and central California and over practically all of Arizona, and where there are no local agents, deliveries are made direct from the Los Angeles plant, but it is the policy of the company to make the distribution through dealers whenever possible.

JOHNNIE CONNORS HOLDS HIS CROWD

There was a large attendance at the meeting of Judge Hawkins at the city hall plaza on Friday night, when the judge presented his claims to the nomination for superior judge of this county. In the course of his remarks, Judge Hawkins, as he had done at previous meetings, pointed out the iniquity of the "courthouse gang," believing that a good place to begin the cleaning out would be in the superior court room.

The meeting was concluded with an unexpected incident. Just as it had been dismissed, Deputy Sheriff Johnnie Connors on his way home, happened to pass and hurried to the platform. He called to the crowd to stop, and added in a loud voice, "Judge Hawkins." The judge, thinking that some exception was to be taken by Mr. Connors as a representative of the "courthouse gang," added his request for a hearing and the crowd was again seated.

Mr. Connors said in part: "Ladies and gentlemen, Judge Hawkins has spoken to you of his fitness for the office of superior judge, and he has had something to say about the 'courthouse gang.' But he has failed to speak to you about the one, the real, the great issue of the campaign in Arizona, and that is the establishment of East Phoenix precinct, for which I am a candidate. Ladies and gentlemen, I thank you."

There were loud cries from the audience of "More more!" but Mr. Connors, speaking yesterday of his address said, "I may not be much of an orator, but I have the advantage of some orators, of knowing enough to stop when I have nothing more to say."

J. G. KEATING OUT FOR PINAL OFFICE

The many friends in Phoenix of J. G. Keating of Pinal county, will be interested to learn that he is a candidate for the democratic nomination for county treasurer of that county. He has, for a long time, been a member of the board of supervisors of Pinal and some years ago was a member of the legislature from that county. Mr. Keating is running on the long record he has made both as a public official, and as a citizen in that county.

Another well known citizen of Pinal has been induced by many friends to enter into public life. He is Joe T. McKinney, one of the best known cattlemen in the state and who has lived in Pinal long enough to be regarded as a pioneer. Mr. McKinney is seeking the democratic nomination for sheriff.

Here Is Foot Comfort

Worried feet cause half the ills and discomforts that harass the men and women of our age.

The Scholl "Foot-Eazer"

is a remedy. It is a scientific arch support or cushion that supports the muscles and tendons and gives them strength to carry the weight of the body at the foot arch.

It does away with all nervous and muscular strain and quickly replaces the natural elasticity to the foot and prevents flat-foot with its painful consequences.

Make walking or standing absolutely comfortable, keeps shoes in shape and gives the instep a graceful arch.

The Scholl "Foot-Eazer" is made of two German Silver Springs, leather covered, and is springy, flexible and self-adjusting to all feet, and can be easily slipped into any shoe.

They do not need laces, and are easily changed from one pair to another.

If you have any foot trouble whatever the Scholl "Foot-Eazer" will give you instant relief as well as rest and
